The secret correspondence of James VI was communication between James VI, King of Scotland and administrators of Elizabeth I of England between May 1601 and the Queen's death in March 1603. In this period it was settled that James would succeed Elizabeth, but the diplomatic result was kept secret. James's accession to the thrones of England and Ireland is known as the Union of the Crowns. Correspondence education, method of providing education for nonresident students, primarily adults, who receive lessons and exercises through the mails or some other device and, upon completion, return them for analysis, criticism, and grading. It is extensively used by business and industry in.Â Thank you for your feedback. Our editors will review what youâ€™ve submitted and determine whether to revise the article.
