Contents

Section I The Cell

Steven R. Heidemann

- Chapter 1* The Molecular and Cellular Basis of Physiological Regulation, 1
Clinical Correlations:
Peripheral Edema, 32
- Chapter 2* Cancer: a Disease of Cellular Proliferation, Life Span, and Death, 34
Clinical Correlations:
Dog That Collapsed While Running, 55

Section II Neurophysiology

Bradley G. Klein, James G. Cunningham

- Chapter 3* Introduction to the Nervous System, 60
Clinical Correlations:
Neurologic Disease in a Horse, 64
- Chapter 4* The Neuron, 66
Clinical Correlations:
Hypoglycemia, 72
- Chapter 5* The Synapse, 74
Clinical Correlations:
Myasthenia Gravis, 79
- Chapter 6* The Physiology of Muscle, 81
Clinical Correlations:
Down Cow After Calving, 88
- Chapter 7* The Concept of a Reflex, 91
Clinical Correlations:
Trauma in a Foal, 94
- Chapter 8* Skeletal Muscle Receptor Organs, 96
Clinical Correlations:
Femoral Nerve Mononeuropathy, 100

- Chapter 9* **The Concept of Lower and Upper Motor Neurons and Their Malfunction, 102**
Clinical Correlations:
Lower Motor Neuron Disease, 104
Upper Motor Neuron Disease, 104
- Chapter 10* **The Central Control of Movement, 106**
Clinical Correlations:
Focal Lesion of the Motor Cortex, 117
- Chapter 11* **The Vestibular System, 119**
Clinical Correlations:
Vestibular Syndrome, 126
- Chapter 12* **The Cerebellum, 128**
Clinical Correlations:
Cerebellar Hypoplasia, 133
Newborn Calf Unable to Rise, 134
- Chapter 13* **The Autonomic Nervous System and Adrenal Medulla, 136**
Clinical Correlations:
Horner's Syndrome, 143
- Chapter 14* **The Visual System, 145**
Clinical Correlations:
Homonymous Hemianopia, 152
- Chapter 15* **Cerebrospinal Fluid and the Blood-Brain Barrier, 154**
Clinical Correlations:
Increased Intracranial Pressure, 159
Seizures in a Foal, 159
- Chapter 16* **The Electroencephalogram and Sensory-Evoked Potentials, 161**
Clinical Correlations:
Brain Tumor, 167
- Chapter 17* **Hearing, 169**
Clinical Correlations:
Congenital Deafness, 174

Section III Cardiovascular Physiology

Robert B. Stephenson

- Chapter 18* **Overview of Cardiovascular Function, 178**
Clinical Correlations:
Lethargic Kid Goat, 190
Colic and Endotoxic Shock in Horse Secondary to *Strongylus* Parasitism, 191
- Chapter 19* **Electrical Activity of the Heart, 193**
Clinical Correlations:
Third-Degree Atrioventricular Block, 210
- Chapter 20* **The Electrocardiogram, 213**
Clinical Correlations:
Dilative Cardiomyopathy with Paroxysmal Atrial Tachycardia, 223

- Chapter 21* **The Heart as a Pump, 226**
Clinical Correlations:
Pulmonic Stenosis, 238
Older Horse with Exercise Intolerance, 239
- Chapter 22* **The Systemic and Pulmonary Circulations, 242**
Clinical Correlations:
Canine Heartworm Disease with Pulmonary Embolism, 253
Dummy Foal: Hypoxemic Ischemic Encephalopathy, 253
- Chapter 23* **Capillaries and Fluid Exchange, 255**
Clinical Correlations:
Acute Protein-Losing Enteropathy in a Horse, 264
- Chapter 24* **Local Control of Blood Flow, 267**
Clinical Correlations:
Patent Ductus Arteriosus, 273
- Chapter 25* **Neural and Hormonal Control of Blood Pressure and Blood Volume, 276**
Clinical Correlations:
Intraoperative Hemorrhage, 284
- Chapter 26* **Integrated Cardiovascular Responses, 286**
Clinical Correlations:
Exercise Intolerance Secondary to Congestive Heart Failure, 294
Cow with “Hardware Disease,” 295

Section IV Gastrointestinal Physiology and Metabolism

Thomas H. Herdt

- Chapter 27* **Regulation of Gastrointestinal Function, 300**
- Chapter 28* **Movements of the Gastrointestinal Tract, 311**
Clinical Correlations:
Equine Rabies, 324
- Chapter 29* **Secretions of the Gastrointestinal Tract, 327**
Clinical Correlations:
Horse in Pain with Weight Loss, 335
- Chapter 30* **Digestion and Absorption: the Nonfermentative Processes, 337**
Clinical Correlations:
Diarrhea with Dehydration and Acidosis in a Calf, 362
Juvenile Pancreatic Atrophy in a Dog, 362
- Chapter 31* **Digestion: the Fermentative Processes, 364**
Clinical Correlations:
Grain Engorgement Toxemia, 387
Impaction Colic, 387
- Chapter 32* **Postabsorptive Nutrient Utilization, 389**
Clinical Correlations:
Hepatic Lipidosis in a Cat, 406

Section V Endocrinology

Deborah S. Greco, George H. Stabenfeldt

- Chapter 33* **The Endocrine System, 410**
Clinical Correlations:
Equine Cushing's Disease, 426
- Chapter 34* **Endocrine Glands and Their Function, 428**
Clinical Correlations:
Diabetes Mellitus, 463

Section VI Reproduction and Lactation

Autumn P. Davidson, George H. Stabenfeldt

Chapter 40 by Steven P. Brinsko

- Chapter 35* **Control of Gonadal and Gamete Development, 466**
Clinical Correlations:
Androgen Insensitivity, 473
- Chapter 36* **Control of Ovulation and the Corpus Luteum, 475**
Clinical Correlations:
Inability to Impregnate a Mare, 480
Persistent Luteal Phase in the Mare, 481
- Chapter 37* **Reproductive Cycles, 483**
Clinical Correlations:
Sexual Attractiveness in the Spayed Bitch, 490
- Chapter 38* **Pregnancy and Parturition, 492**
Clinical Correlations:
Prolonged Gestation, 498
- Chapter 39* **The Mammary Gland, 501**
Clinical Correlations:
Pregnant Mare That Does Not Have Sufficient Milk or Udder Development, 514
Neonatal Isoerythrolysis, 515
- Chapter 40* **Reproductive Physiology of the Male, 517**
Clinical Correlations:
Infertility in a Stallion, 524

Section VII Renal Physiology

Jill W. Verlander

- Chapter 41* **Glomerular Filtration, 528**
Clinical Correlations:
Chronic Renal Failure, 535
Glomerulonephritis, 535
- Chapter 42* **Solute Reabsorption, 537**
Clinical Correlations:
Glucosuria, 546
Hypoadrenocorticism, 546

- Chapter 43* **Water Balance, 548**
Clinical Correlations:
Diabetes Insipidus, 553
Chronic Renal Insufficiency, 554
- Chapter 44* **Acid-Base Balance, 556**
Clinical Correlations:
Respiratory Acidosis Withwith Renal Compensation, 562
Metabolic Alkalosis Withwith Paradoxical Aciduria, 562

Section VIII Respiratory Function

N. Edward Robinson

- Chapter 45* **Overview of Respiratory Function: Ventilation of the Lung, 566**
Clinical Correlations:
Lung Fibrosis in the Dog, 575
Chronic Airway Disease in the Horse, 575
- Chapter 46* **Pulmonary Blood Flow, 578**
Clinical Correlations:
Brisket Disease in a Heifer, 583
- Chapter 47* **Gas Exchange, 586**
Clinical Correlations:
Hypoventilation in a Bulldog, 592
Hypoxemia in an Anesthetized Clydesdale Horse, 593
- Chapter 48* **Gas Transport in the Blood, 595**
Clinical Correlations:
Flea Infestation in a Cat, 600
Atrial Fibrillation in a Horse, 601
- Chapter 49* **Control of Ventilation, 603**
Clinical Correlations:
Hypoxemia with Hyperventilation in an 8-Month-Old Samoyed, 608
Hypoventilation in an Anesthetized Saint Bernard, 609
- Chapter 50* **Nonrespiratory Functions of the Lung, 611**
Clinical Correlations:
Pleuritis in a Thoroughbred Horse, 616
Mitral Insufficiency in a Dog, 617

Section IX Homeostasis

N. Edward Robinson

- Chapter 51* **Fetal and Neonatal Oxygen Transport, 620**
Clinical Correlations:
Patent Ductus Arteriosus in a Pomeranian, 625
- Chapter 52* **Acid-Base Homeostasis, 627**
Clinical Correlations:
Upper Airway Obstruction in a Boston Terrier, 635
Torsion of the Abomasum in a Cow, 635
Neonatal Diarrhea in a Foal, 635

- Chapter 53* **Thermoregulation, 639**
Clinical Correlations:
Influenza in Pigs, 649
Heat Stroke in a Boston Terrier, 649

Section X The Immune System

S. Ansar Ahmed, Gerhardt G. Schurig

- Chapter 54* **Antigens and Innate Immunity, 652**
Clinical Correlations:
Swollen Lymph Nodes in a Colt, 659
- Chapter 55* **The Specific Immune Response: Acquired Immunity, 661**
Clinical Correlations:
Unthrifty Foal, 669

Clinical Correlations

Edited by Sharon G. Witonsky

Veterinary physiology is the study of normal function of biological systems in animals, and usually specifically in major domesticated mammal species. Related Questions. Asked in Authors, Poets, and Playwrights. What has the author Robin Sturtz written? Robin Sturtz has written: 'Anatomy and physiology for veterinary technicians and nurses' -- subject(s): Veterinary anatomy, Veterinary physiology. Asked in Authors, Poets, and Playwrights. What has the author Fred Sinowatz written? May 28, 2019 - Explore vettechlife's board "Veterinary Anatomy & Physiology", followed by 355 people on Pinterest. See more ideas about Veterinary, Anatomy and physiology, Anatomy.Â The issue of kinked tail in Syrian hamsters | Marta Jesariew (Podrik Hamstery, Poland), Christina Linde (Lindes Hamsteri, Denmark) and Tomasz Piasecki (Doctor of Veterinary Medicine, Poland) #VetTechLife.
