

## Evolution of Geographical Thought

By Majid Husain

Rawat Publications, 2015. Hardcover. Book Condition: New. 5th or later Edition. Contents: Part I: Prehistory of Geographical Ideas. 1. Greeks: The Pioneers of Prehistorical Ideas. 2. Romans: Their Contribution to Geography. 3. Ancient Indian and Chinese Geographical Concepts. 4. Arab Geographical Thought. 5. The Impact of Explorations and Discoveries. Part II: Modern Geographical Thought. 6. Founders of Modern Geographical Thought. 7. Schools of Geography. 8. Dichotomy between Determinism and Possibilism. 9. Dualism and Dichotomies in Geography. 10. Quantitative Revolution, Paradigms, System Analysis and Regional Concept. 11. Models in Geography. Part III: Contemporary Movements in Geography. 12. Modern Themes in Geographical Thought. 13. Feminist Geography. Evolution of Geographical Thought covers a wide canvas of the story of geographical thoughts, ideas and knowledge right from the early Greek period to modern contemporary geography. Presenting an introduction to the philosophy, history and methodology of geography, the book maps the intellectual changes in the discipline over the years. To keep the students abreast with the recent trends in geography, and its methodological problems, the book has been updated and revised, making it a comprehensive textbook on geographical thought. The main objective of the sixth edition is to incorporate a number of relevant new topics...

### Reviews

*I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Dana Hintz

*Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).*

-- Elisa Reinger
