Author: Tom Blachford, Foreword: Chris Menrad

PUB DATE 02/17, Format: HC

Midnight Modern brings into focus a view of Palm Springs and its internationally renowned modernist houses never before shown, shot entirely by the light of the full moon. Created over the course of three years by Australian photographer Tom Blachford, the surreal images function as portals in time, with the homes, cars, and beautiful scenery appearing almost exactly as it all did 60 years ago. The crisp moonlight adds a new dimension to the famous mecca of desert modernism and shows a contrasting side of a town famous for its sunshine, cocktails, and hedonism.

Working closely with the Palm Springs community, Blachford gained remarkable access to some of the most coveted architectural jewels in the area, including the Kaufmann Desert House, Edris House, Frey House II, Frank Sinatra Twin Palms Estate, and dozens of restored Alexander tract homes in the valley.

Blachford's work builds on the famous documentary and lifestyle approaches of Julius Shulman and Slim Aarons, but injects a signature mystery. His cinematic aesthetic acts as a stage for an untold narrative, inviting the viewer to script their own drama going on behind the walls of these historic homes. This original, lush work is a rich contribution to the record for those midcentury architecture and design lovers fascinated by Palm Springs.

Publisher: GIBBS SMITH
Authors: Daniel Chavkin
PUB DATE: 02/16, Format: HC

In 2008, Daniel Chavkin began photographing some of the more discreet and off-the-beaten-path midcentury modern homes and buildings in the Palm Springs area. These included secret gems created by such famous modernist architects as William Cody and John Porter Clark, as well as others by relatively lesser-known designers. The result is this rich photographic collection of largely unseen examples of desert modern architecture. Many of the buildings shown herein are not easily accessible by, or in some cases completely off-limits to, the general public, so the photographs in this book may be the only opportunity for midcentury aficionados to ever see some of these buildings.

Daniel Chavkin is a photographer who lives and works in Palm Springs and Los Angeles. He began his career shooting celebrity portraits, but his passion is for midcentury modern architecture--and especially the desert modernism of Palm Springs. His love of modernism was forged while studying at the Art Center College of Design in Pasadena.
