Cisco Networking Academy is the world's largest classroom, bringing technology education, 21st-century skills, and... See more of Cisco Networking Academy on Facebook. Log In. or. Create New Account. See more of Cisco Networking Academy on Facebook. Log In. Forgotten account? The Cisco Networking Academy Program launched the IT Essentials I: PC Hardware and Software course in the summer of 2002, and the first courses were offered during the Fall 2002 semester. The IT Essentials I: PC Hardware and Software course can be used as a precursor to the well-established and very successful CCNA curriculum, or it can be taught as a stand alone course within the Networking Academy Program. This course will prepare students for CompTIA's A+ certification exam, an industry-accepted certification for entrance into the information technology sector. I.T. Essentials 1 does a great job in covering the basics of computers while teaching you how to prevent, maintain, and troubleshoot both hardware and software issues. Programming Essentials in Python. How great would it be to write your own computer program? Or, design a web or desktop application that millions of people could enjoy? Both are a possibility if you learn how to code in Python. Python is the very versatile, object-oriented programming language used by startups and tech giants. No prior knowledge of programming is required. Duration: 70 hours. Free Course: Enroll. Linux Essentials. Learn the basic of Linux, the world's most popular operating systems, and expand your career opportunities in IT. Duration: 70 hours.
