Barents Plus is a Barents regional scholarship program supporting co-operation between institutions of higher education in the Norwegian and Russian part of the Barents region. The program is aimed at developing mutual study programs and courses and bilateral academic and student exchange in order to improve higher education in the Barents Region, and to further co-operation between Norwegian and Russian universities and university colleges. The Barents Plus program supports in principle any academic activity corresponding with the institutions' priorities. The program is open for most of acad Startpage for /Research/Barents Forest Forum 2019. Back. What is the Barents Forest Forum 2019? Getting here. Program and registration. The excursion starts in the city center of Umeå and will take us on a journey through the forest landscape, passing the Vindeln River, going back by the coastal area of Västernorrland (approx. 250 km). The excursion will be held only in English.
